^[1] May 1999 appears to be the last month of significant activity in this account. There was no activity during the months of June through August 1999, and the account statements for these months showed an ending balance of \$26,523. In October 1999, the only transaction in the account was to transfer the \$26,523 remaining balance to the JPMC 703 Account and zero out the Bankers Trust 599 Account. The December 1999 and July 2000 statements for this account both showed a zero balance.
